

KÄRCHER

makes a difference

INNOVATIVE, RUGGED DESIGN FOR INDUSTRIAL CLEANING.

Direct-drive, hot water, natural gas or LP-heated pressure washer.

PROFESSIONAL | TABERNAS SERIES

TABERNAS SERIES

High cleaning performance.

The innovative, rugged design of the Tabernas series natural gas and LP-heated cabinet pressure washer delivers up to 5 gpm at 3,000 psi of industrial power. Built in the U.S.A., each model is constructed with anodized structural rivets, a water cooled electric motor, standard auto/start/stop and Kärcher's axial direct-drive pump backed by a 7-year warranty. All models are ETL certified to UL and CSA safety standards.

1 Easy to service and operate

- All-access cabinet design with six lift out panels and easy lock fasteners provides easy access to components for maintenance in tight situations.
- Swing-out cast iron burner ring with separate "stay-in-place" ignition pilot light allows easy access and removal of the burner ring.
- Standard electronic ignition eliminates the hassle of having to monitor and light pilot flame.

2 Fully configurable

- All models are readily designed to accept a full line of Easy-Add field installed option kits.
- Inlet/outlet connections can be easily moved to either side of the unit.

3 Designed to last

- The extra-durable heating coil is made of leak-free, cold-rolled, schedule 80 steel pipe and is wrapped with a thick foil blanket insulation that keeps cabinet walls cool to the touch.
- Pulsation damper reduces vibrations on the high pressure side of the system.
- Integrated RM 110 reservoir protects the machine from scale build-up in the heating coil.
- Water-cooled electric motor.

4 Easy!Force Trigger Gun

- EASY!Force gun with cruise control like technology - uses its own recoil force to hold the trigger down.

EASY TO OPERATE CONTROLS WITH INSTANT FEEDBACK LIGHTS

- 1 Hour meter
- 2 Power
- 3 RM110
- 4 Detergent valve
- 5 Burner motor switch
- 6 Thermostat control
- 7 Pressure gauge

ACCESSORIES

Order No.	Description
■ 4.118-005.0 ■	EASY!Force trigger gun (German model) - zero force required.
□ 2.744-008.0	Remote Kit single station
□ 6.685-195.0	Chemical solenoid valve (brass) for use with remote kit
□ 8.708-846.0	Chemical solenoid valve (stainless steel) for use with remote kit
□ 9.801-040.0	Draft diverter, 10"
□ 8.753-474.0	Damper, draft 10"
□ 8.925-154.0	Hose 3/8" x 50', 4000 PSI
□ 2.639-919.0	Self-winding hose reel, 66'
□ 2.639-931.0	Swivel wall mount bracket
□ 8.923-213.0	Hot water discharge outlet relocation
